

NEWS BULLETIN (June 2006 /7)

Welcome to our news bulletin, written specifically to support all our ROK125 karters racing in the ROK Malaysia Championship!

IMPORTANT INFO for ROK Malaysia Championship 2006 Round 2

- The Round 2 of the ROK Malaysia Championship 2006, which was postponed from Sunday 4th June 2006, is now to be held on 2nd July 2006.
- Based on the released ASR – the Round 2 race will also be run at Shah Alam Stadium Kart Track.
- Round 3 will now be held at a later date – which is yet to be finalized at this moment. The venue cannot be confirmed as well presently.

City Karting was informed that the cancellation of last month's race and also shifting of the race venue back to Shah Alam were necessary as the Elite track has yet to be approved to run an Asian Zone Participation event, which the ROK Malaysia Championship 2006 is categorized under.

In view of possible safety issues which form part of the CIK/FIA homologation requirements – this decision was deemed required to protect the safety of the drivers, their crew, spectators and of course also the race marshals and organizing crew.

In addition – to uphold the safety standards of our Principal(s) – Tonykart / Vortex Engines and also the ROK CUP Championship safety record – City Karting is obliged to make a collective decision to support the above decisions.

The decision to split Round 2 and Round 3 were also decided due to the tyre supply situation. To ensure adequate tyres for ALL drivers – we had to postpone the Round 3 event. The shipment of tyres from the Yokohama factory is less than what was ordered presently, rendering this move necessary.

Once again - The organizers regret all inconveniences caused by the above changes and would like to apologize for this.
