### **ROK Malaysia Championship 2006 Round 2**

After a revision in the date of the Round 2 - necessary due to Elite track homologation issues, Round 2 of the ROK Malaysia Championship was held as planned on the 2<sup>nd</sup> July 2006 at the Shah Alam Stadium Kart Circuit.

Like Round 1, tyres seem to be yet another hot topic. Due to supply issues – the local organizer decided to change the tyre make for Round 2 to DURO.

Unlike the previous tyres used in Round 1 – DURO lasted well for the day's racing although the lap times were slower for most categories. This could be due to unfamiliarity with the tyres and the required race chassis set-up. Although softer in compound – the tyres had also softer sidewalls, which flexed a fair deal more and this combination required some adjustment in driving.

Due to the last minute change of the tyre situation - drivers that adapted quickly to the new tyre did well in this round.

This round also saw a big increase in the Senior ROK class with 8 drivers driving – 7 of them are local drivers contesting in the Malaysian Championship.

Just as Round 1 – we also held the Taiwanese ROK Championship as well although we only saw one driver in this round.... blame it on World Cup 2006 fever!!
