

NEWS BULLETIN (April 2006 /5)

Welcome to our news bulletin, written specifically to support all our ROK125 karters racing in the ROK Malaysia Championship!

ROK Malaysia Championship 2006 Round 1

Not even the weather could dampen the intensity of the AKOC/ROK Malaysia races – creating a memorable climax to a fine 3 day international race event!

A short rain period at lunch time just before the Final race for all categories on Sunday got all the teams running for their wet tyres. This eventually proved to be not necessary when the sun smiled thru the clouds, just before the races and dried the track in no time.

Tyre wear proved to be the critical aspect for this Round, with the introduction of Heat 3 on Saturday – causing considerable concern to some teams competing in the ROK Senior class. Almost all drivers exercised the option to install a new front left tyre for Sunday's racing – to have any chance of contending for the front places.

The ROK Championship ran with full CIK regulations – with a need to impound both tyres and fuel but with the excellent cooperation from all drivers, mechanics, marshals & officials involved, the procedure went without any hiccups.

ROK Malaysia 2006 Championship

This round for the ROK Championship also saw the participation of number ROK competitors from Taiwan ROC, Hong Kong, Singapore, Indonesia - who were participating in the ROK Taiwan Championship and AKOC categories.
